Prize Dances Will Feature Party Tonite

Old Folks and Young Folks Have Chance to Display Grace and Skill

Local Druggist Provides the Fund for Music—Favors To Be Given

Tonight's the night! With all arrangements practically completed, all is in readiness for the long-looked-for Carnival Dance, held tonight at the city park under the joint auspices of the Woman's Club and the Chamber of Commerce.

The dance series during the past summer months has proven very successful from every viewpoint, and the attendance has grown with each succeeding dance, until it will be necessary to provide twice as large a floor space for tonight's dance as has been used heretofore.

The Woman's Club committee, headed by Mrs. J. H. Robertson, club president, and with Mrs. Davis, Mrs. Sturmthal, Mrs. Wolfe and Miss Green actively assisting, has arranged carnival features that will add greatly to the enjoyment of the evening. Paper hats, serpentine, noisemakers and balloons will be distributed among the merry-makers. The balloons will be used in a "balloon dance," the details of which will be announced at the "party."

There will be two prize dances—one a fox trot, which is expected to appeal to the younger set, and the other a waltz, for those who "remember when." Perhaps it is true that many of the older folks can not "do" a fox trot or a valse but as it should be done; but it is equally true that most of the younger set would fail to recognize a true waltz if they saw it.

Miss Green and Mrs. Davis have personally provided a lovely prize for the lady winner of one of the prize dances.

The good old-fashioned square dance is not to be slighted, and at least two of these delightful dances will be enjoyed during the course of the evening.

Added to the fox trots, waltzes, valse, square dances, etc., will be interspersed an occasional moonlight dance; and it will be hard to imagine anything much more romantic than a moonlight dance with a good floor, fine music, and not too much moonlight.

Special attention is going to be paid to the little folks tonight. During the dances of the past summer, the kiddies have been enjoying the dance floor to the fullest extent, sometimes to the point of making it difficult for the dancers to navigate successfully through the small obstructions. Tonight there will be a space provided for the youngsters—and a committee will see to it that none of the older folks bother them in any way.

Tonight's dance, while the most elaborate of the season and consequently the most expensive to the committee, will be free to all. This is made possible largely thru the generosity of Mr. Middough of the Sierra Madre Drug Co., who is supplying the music, the most costly item of the evening. Mr. Middough, though the city's newest business man, is evidencing a public spirit that bids well for his future activity in civic affairs, and the dancers will undoubtedly appreciate his generous gift.

The favors will be supplied by the Chamber of Commerce from funds contributed by local residents and business men early in the season. The dances during the summer never quite paid their way, and the fund is not as "healthy" as some of the committee members would wish, but there will be enough to finance tonight's party, thanks to the "big kick" introduced by Mr. Middough.

Frank Spencer, who has devoted his time so unselfishly during the summer, will be in charge of the dance tonight, with W. R. Humphries, the inimitable announcer, acting as master of ceremonies. Mrs. Davis will be in charge of the prize dances, assisted by Mrs. Sturmthal, and Mrs. Robertson and the members of her committee will see that everyone has an enjoyable time.

The Moonlight Melody Boys will play their usual brand of

Postcard Carried On Graf Zeppelin Is Received Here

One of the first pieces of mail to be carried around the world in the first world flight of the Graf Zeppelin was received this week by Mr. and Mrs. D. F. Morton of Live Oak Avenue. This was a postal card sent from New York City by Miss Elizabeth Grund, who is known to many people here. It is written in German and bore a greeting to Mr. and Mrs. Morton on the occasion of their twentieth wedding anniversary. The card showed that stops had been made only at Lakehurst, Friedrichshafen, Tokio and Los Angeles. The total postage required was \$1.78.

School Will Begin Here Mon. Sept. 16

St. Rita's School Opens Next Monday; New Room Added

With much appreciated atmospheric changes bringing real fall weather and even a slight shower this week, the stage seems perfectly set for the opening of school next week and the week after. Finishing touches are being given Johnny and Mary in the matter of getting them in prime physical condition as well as outfitting them with proper shoes, clothing, spectacles (if necessary) and school supplies.

St. Rita's school will open Tuesday, September 10, according to Father Hyacinth Clarey. To accommodate the rapid growth in enrollment in this parochial school, a new room has been equipped for use this year, giving a total of four rooms for the eight grades. This school opened in 1923 with thirty pupils. Last year the enrollment had grown to eighty, and a still further increase is expected this year. There are accommodations for approximately 125.

The course at St. Rita's comprises the regularly prescribed course of study under the state statutes. Visitors are always welcome at this school, Father Hyacinth stated, and pupils not of Catholic faith are admitted to the school as long as accommodations allow. Religious instruction is not compulsory to those children not from Catholic homes, he said.

The Sierra Madre public school will open Monday, Sept. 16, with the same corps of teachers as last year with the exception of Mrs. Kendall, who lost her life last week when the steamer San Juan was sunk near San Francisco. (Continued on Page Eight)

Mrs. Kendall Loses Life in Sea Tragedy

Local Teacher Among Missing Passengers of Ill-fated Steamer

Mrs. Lila Barker Kendall, formerly eighth grade teacher and more recently teacher of the sixth grade in the elementary schools, is probably among the passengers lost on the San Juan, which went down Thursday night fifty miles south of San Francisco after colliding with the oil tanker S. C. T. Dodd.

Mrs. Kendall, a sister of Mrs. Fred Griebow, 10 East Miramonte avenue, left last Sunday to accompany another sister, Miss M. Barker, as far as San Francisco. Miss Barker, who had been a visitor at the Griebow home during the summer, was returning to her home in Ohio. After seeing her sister safely started on her journey at San Francisco, Mrs. Kendall commenced the home trip on the ill-fated San Juan.

Mr. and Mrs. Griebow left Tuesday for San Francisco and are still there hoping to receive word of Mrs. Kendall's possible rescue, but up to Thursday night no favorable word had been heard from them.

Mrs. Kendall has resided for the past four years at the home of Mr. and Mrs. Fletcher H. White, 275 West Montecito avenue. She was treasurer of the local chapter of the Eastern Star.

Net Artists Again Enter Tournament

Entries Close Saturday, September 7, at 3 O'clock Definitely

Playing Will Start First of Next Week and End September 15

The first matches in the grand tennis tournament announced in last week's News are expected to start Sunday or Monday, according to the committee in charge who will get busy on the schedule just as soon as the entry list closes Saturday afternoon at 3 o'clock.

At the meeting held Tuesday evening in the city hall, President Emil Smith appointed Lester Miller, Louis Fuller and Art Pritchard as a committee to draw up the matches and rules for the tournament. Entries may be made at the "News" office up to 3 o'clock tomorrow, Saturday, Sept. 7.

The Association elected Joseph L. Asbury treasurer and custodian, and voted to admit players under 15 at a lower fee than adults. No player may sign up for the tournament without paying his fee. The money will be used to purchase trophies and tennis balls.

There will be classes in the tournament for every type of player, young or old, good or bad, Emil Smith, president of the association declared. He further said that all play in the tournament must be completed the week before school starts, or September 15.

Entries are coming into the "News" office very rapidly and the indications are that the tournament will arouse considerable interest and bring out the best net artists in the city. Neighboring cities have already indicated that they would welcome some match games.

A phone call from Newport Beach Thursday stated that both Preston and Sarah Schwartz would enter the single and double matches. There had been some doubt as to whether they could be here. Others who were away during the preliminary games have returned and next Monday is sure to see a nice get-away. Night playing is becoming very popular and will accelerate the tournament.

Sierra Madre residents who keep up on modern fiction will be interested in the announcement that the Sierra Madre Drug Company has just received an assortment of the late novels now in second edition and selling at 75 cents per copy. The books have been selling just recently at \$2.00 and \$2.50 and the saving is apparent, especially when considering that the editions are well bound and very well printed.

Mrs. E. H. Wood and daughter, Virginia, left Thursday via the Harvard steamer for Berkeley to visit for a week with Mrs. Wood's daughter, Elizabeth, who has just recently enrolled in the University of California. Miss Elizabeth was graduated last spring from Pasadena high school with exceptionally high honors and now is taking up a course in the state university at the age of sixteen.

Grocery Firm Puts Up Big New Sign to Replace 'Landmark'

A large, attractive sign on the building located at the northeast corner of Baldwin and East Central has just been put up by Solury & Davies, replacing the old "Welsch's" sign, a "landmark" that has weathered so many seasons there.

The sign is 16 feet long and three feet high, and reads "Phone Main 6, Solury & Davies, Groceries, Meats, Vegetables." This comparatively new firm is to be congratulated upon their progressive methods of merchandising, with special attention to three free deliveries daily, and their neatly kept, well stocked and roomy store. Both of the proprietors, "Tom" Solury and "Bob" Davies, are good mixers and well liked.

The meat department, operated by Chas. E. Davis independently, has established an enviable reputation for quality that is hard to equal. Just now Mr. Davis is particularly pleased with the reception given Hormel's canned chicken, a product that is perfect in quality.

FAMILY CIRCLE IS SADDENED BY WORK OF DOG POISONER

The family of Lee Shippey, well known writer, was plunged into sorrow yesterday when they discovered that the family dog, as kind and affectionate a creature as can be found in many days of intensive search, had fallen victim to one of the earth's most despised creatures—a dog poisoner. "Brownie" is described by Mr. Shippey as a "Neardale" and while it has no particular value so far as money is concerned, it is nevertheless a priceless possession. "Brownie" was taken to a down-town hospital and put under the care of a veterinarian, and may outwit the grim reaper, it is said.

No Way to Eliminate Dead Trees

State and County Legal Machinery Inadequate for Local Needs

The Chamber of Commerce board of directors met Tuesday evening with President Chas. E. Klunk, Mrs. W. C. Gruet, Miss E. R. Green, Miss Laura Cadmus, Messrs. Asbury, Eastwood, Pratt, Stewart, Humphries and Burbank answering roll call.

Among the most important matters to be brought before the board was the statement from County Horticultural Officer McFarland that there is no way to legally combat the deceased and diseased citrus-tree nuisance in this city. According to Mr. McFarland the county has jurisdiction over trees adjoining commercial orchards only, and then only for a distance of sixty feet.

W. R. Humphries suggested that a committee be appointed to confer with the city council to see whether or not that body can take action to abate such nuisances, and a motion that the president appoint a committee for that purpose was passed.

E. D. Burbank, chairman of the Chamber of Commerce committee, rendered a final report of the committee activities along educational matters, especially pertaining to the building of a new grammar school building. Mr. Burbank called particular attention to the fact that the committee, upon appointment, was to function as a fact-finding committee, and that the committee at no time had planned to make specific recommendations.

After the submission of the report, it was moved by Mr. Humphries that Mr. Burbank be given a vote of thanks for the remarkably efficient manner in which the work of the committee had been conducted. The motion was unanimously carried.

Mr. Burbank moved that a committee be appointed from the Chamber of Commerce membership to cooperate with the Sierra Madre Board of School Trustees in any matter looking toward the development and betterment of local school conditions. The motion was carried and the committee personnel will be announced at an early date.

Matter of interest, and especially methods of promoting harmony among the residents of the city, to the end that all might cooperate for the progress and general welfare were discussed until a late hour, and it is probable that a movement looking toward that very desirable end will soon be put under way by the chamber of commerce and other organizations.

Kiwanis Hears Talk on Bees by Charles Kennard

"The Behavior of Bees" was the subject of an interesting talk given by Charles Kennard, local apiarist and extension worker, before the Kiwanis Club last Tuesday noon.

The day happened to mark another milestone in the strenuous life of President Ray Grant and appropriate birthday decorations were arranged at his seat.

Wednesday evening the Board of Directors of Kiwanis met with Ray Grant and Jack Eberle, district lieutenant governor, who gave some excellent ideas to be announced later.

Mrs. Carl A. Greece returned last week to her home at 549 W. Montecito after three months spent at Hermosa Beach.

Plaza Children Observe 6th Anniversary

Two Hundred Guests Enjoy Interesting Program at Church

Need for New Home Stressed by Lady Member of State Assembly

The Plaza Community Center Children's Home, 247 North Baldwin Avenue, celebrated their 6th anniversary on Wednesday afternoon, September 4. A gratifying number of interested guests, nearly 200, responded to the invitations to the program given at the Congregational Church from 3 to 4:30 o'clock.

The children, fifteen in number, always courteous, well behaved, refined, and spotlessly clean, in their attractive clothes, and smiling, presented an interesting program.

Miss Katherine B. Higgins, chairman of the Advisory Board, presided during the program. An invitation to visit the home had been extended by Miss Elsie N. Gibson, manager of the local home, either before or after the program.

The first annual meeting of the Plaza Community Center Club, composed of one hundred ninety-nine members, an auxiliary organization of the Plaza Community Center, was held at the Congregational Church from 11 to 12:30. Following the meeting Mrs. Greer Caskey and Mrs. Gray acted as hostesses at the picnic lunch in the city park, serving coffee to the guests.

The Wednesday meeting was held in conjunction with the 6th anniversary, but all other meetings are held at the Plaza Community Center in Los Angeles.

Everyone present was convinced that the practical laboratory of mission work in Sierra Madre and the international relations of people has successfully been demonstrated here, as stated by Rev. Arthur O. Pritchard.

Miss Elsi N. Gibson, manager of the home, Miss Melissa Clark and Miss Mae Fuller, matrons, were especially commended for their splendid work with the children.

An appeal for financial help and publicity of the need of the home for five acres or more of ground, and a new home, were made by Miss Eleanor Miller, only lady member of the state legislature.

Following is the program: Opening Hymn, "O Zion, Haste," (one verse in Spanish), by the children. Prayer, Rev. Pritchard. Prayer response, by children. Introductions, Rev. Pritchard, pastor; Advisory Board; Staff; Miss Gibson, manager; Miss Clark, Miss Fuller; Children.

Hymn, "In Christ There is No East or West," Children; Whispers Song, Anita Abila, Regina Divera, Rosa Najera. Piano solo, Esther Hauffen. Song, Anita Abila. Quartet, Esther Hauffen, Carmen Ibarra, Anita Abila and Amalia Becerra; Moreland Kortkamp, accompanist. Recitation, Alberto Becerra. "The Home Quintet," Mario and Berta Urriata, Ruth and Donnie Lopez and David Lobo. Hymn, Children. Rev. W. T. Gilliland told of the Christian influences and ambitions for the children in the home.

Norris Store Makes Changes In Interior of 'Spartan' Grocery

A change in the display windows at the Norris Store on West Central has worked a very noticeable improvement in Sierra Madre's pioneer store, established here in 1887. Heretofore the windows have been dark by a opaque enclosure, and while attractive show windows have been the rule, the interior was denied the splendid lighting that it now receives.

The Norris Store is composed of many departments, each selected with great care and catering to the demands of those who demand quality as well as reasonable price.

Mrs. Anna Bishop left Thursday for her home in Wichita, Kansas, after a visit with her sister here, Mrs. N. E. Taylor. She went by boat to San Francisco, and will stop over in Oakland, Denver and Salt Lake City, taking a full month for her vacation.

Central Garage Announces New India Tire Prices

Joe Belohlavek, Jr., proprietor of the Central Garage, announces this week that he has made an advantageous hook-up with Nelson & Price, Inc., distributors of the famous India Cord Tires and Tubes for the state of California, and is thereby enabled to make attractive prices to his patrons. Joe is a very modest and conservative young fellow, but he says he has to admit that the India Cord is "some tire when it comes to hard wear," and his many friends will be inclined to take his word for it as they do when he tells them about car troubles.

Humphries Will Speak On Program

To Tell Regional Conference How Sierra Madre 'Puts It Over'

W. R. Humphries, chairman of the local chapter of the American Red Cross, has been asked to speak at the regional conference of the national association, which will be held in Los Angeles during October. The honor comes to Mr. Humphries because of the fact that Sierra Madre has long occupied a position at the head of the list of communities that are outstanding in Red Cross activities.

Mr. Humphries will tell them the why and how of work in the smaller community. His talk will be illustrated with diagrams showing just what happens to the donor's contribution in this particular community. The local chapter has always turned in high membership ratings and has always made a good showing in raising funds for disaster relief purposes.

On Armistice Day, the local chapter will begin work on its membership quota, which is set at 150 members. The drive will continue until Thanksgiving.

The August number of the Red Cross Courier, a publication which goes to many people in over fifty countries, carries the following item: "As a further expansion of its First Aid program, Sierra Madre, California, chapter has completely equipped a first aid cabinet for the local volunteer fire department. The cabinet was made by members of the department and is to be placed upon an auxiliary fire truck, ready for instant service."

Sewer Plan Is Definitely Abandoned

District May Be Reorganized to Include Only Those Voting to Join

General opposition to increased taxation and assessments which would result from the formation of a sewage district of foothill cities including Pasadena, South Pasadena, Altadena, Alhambra, Monterey Park, San Gabriel, Rosemead, Glendora, Azusa, Covina and El Monte, with the intention of connecting these cities to the large county outfall sewer, is held responsible for the abandonment of the formation of proposed District No. 12, this action being taken by the board of supervisors at a meeting held Tuesday afternoon. The action of the supervisors follows a rather hectic meeting last week in which it was proposed that the Pasadena sewer farm be turned over to the county, its subsequent closing and the taking of the city sewage to the disposal plant at the ocean.

Considerable opposition to the plan was also voiced by representatives of other communities which have local "farms" or disposal plants.

A. K. Warren, county sanitary engineer, has stated that a new district may be formed embracing only the communities which signify a willingness to join the district in case a district is formed. The recent action of a number of foothill communities, including Sierra Madre, in withdrawing from Metropolitan District No. 7, tended to complicate matters, and it is believed the county sanitation department will move cautiously in the formation of a new district.

City Council Reorganizes Departments

Appoints Earl J. Lynde in Charge of Water and Engineering

Start Action Toward Paving of Canyon Park as Petitioned

Carrying into effect the plan of reorganizing the city administration by placing the water department and the office of the city engineer under one head, the city council at a special meeting Wednesday night, appointed Earl J. Lynde of Altadena, superintendent of the water department and resident engineer. He will replace J. E. Carpenter and O. A. Gierlich. His salary was fixed at \$325 a month and his duties effective September 1.

Mr. Lynde received his education at the University of Nebraska. He has had experience as an engineer with the Arizona and New Mexico Railroad, Clifton, Arizona, and also overseas with the 18th U. S. Army Engineers in France from 1917 to 1919. He served as assistant engineer for the Greenlee County Highway Commission, Clifton, Arizona, as office engineer of the Northwestern Pacific Railroad, Sausalito, California; he was connected with the Engineering Service Corporation in Los Angeles, entered private practice with Bates, Ferguson and Lynde, Los Angeles, and later was associated with the Western Tile and Marble Company, Pasadena, as business manager and later general manager of the Spanish Shops, Inc., of Pasadena. Upon the return of his wife from the East, Mr. Lynde plans to establish his home here.

Phil Dodson was appointed special attorney and Henry Gierlich special engineer of work to prepare the resolution of appointments and contracts for the Canyon Park paving project, to be presented at the next meeting of the council. This action was necessary, according to Councilman Ralph W. Stewart, owing to the request of the Canyon Improvement Association that the paving of Canyon roads be carried out under the Mattoon Act.

The attorney and engineer were instructed to check the petition presented by the Association as to the percentage of signers of frontage and area.

A motion was adopted authorizing the finance committee to make an inspection of the allocation of charges, with a view to the preparation of a scheme to be followed by the city clerk in the keeping of records.

Harry Peterson was appointed special police officer to hold office at the pleasure of the board, at a salary of fifty cents an hour for time actually employed in such work. Harlen Gerlach received the appointment of special police officer to hold office at the pleasure of the board at \$5 per day for each day of nine hours actually employed.

E. Waldo Ward, 273 East Highland Avenue, was present and protested against the continuance and paving of Central Avenue across the Hastings ranch. He announced his intention to use every effort to stop the city from spending a cent on this portion of the paving project.

Free Chest Clinic Held Here Does Wonderful Work

To correct the possible impression created by an article in this paper last week in regard to chest clinics, Mrs. E. C. Barker, city health nurse, wishes an announcement made that there is a free chest clinic held here every other Wednesday, all afternoon. They were formerly held each Wednesday but only for a short period of time.

This clinic was started a little over a year ago and to date there are 107 tubercular families registered, with more than 800 examinations made so far. Dr. P. K. Telford is the chest specialist and stands very high in his profession, according to Mrs. Barker. The next clinic will be held Sept. 11 and Mrs. Barker states that it is necessary to make appointments ahead, for they have every minute taken for the next meeting.

Mr. and Mrs. Henry Laage and grandchildren, John and Vivian, will leave Sunday by boat for a trip to Washington and British Columbia. Mrs. Laage formerly lived in Canada.

Society and Personal

REV. DUNCAN OGG IS HONORED GUEST—

Rev. Duncan Ogg was guest of honor recently at a pleasant reception given at the home of Mr. and Mrs. Newton Lawrence, of Humboldt, California. Rev. Ogg was there visiting the scenes of his former pastorate, having been minister of the Humboldt Congregational Church for fourteen years. A large gathering of friends were present to welcome Rev. Ogg to his old charge, where he was extremely popular with a wide circle of friends beside the members of his congregation.

WOMAN'S CLUB TO HOLD BRIDGE LUNCHEON—

Mrs. William R. Lees announces another bridge luncheon to be given by the Board of Directors of the Woman's Club, Friday, September 13, at 1 o'clock. The price will be thirty-five cents, as before. Mrs. Lees states that the bridge luncheons are not intended for a money-making scheme but are to be considered in the nature of a get-together. Prizes will be awarded. Reservations should be telephoned to Mrs. Lees at Green 79 not later than Wednesday, Sept. 11.

Mrs. F. F. Myers, who left Sierra Madre last June with her husband for a tour of Europe, returned home last Monday to her home at 647 West Central Avenue. Mrs. Myers brings the sad news that Mr. Myers was taken suddenly ill while they were in England and was operated on for appendicitis on August 4, in a London hospital. Despite every care he succumbed on August 8. Funeral services were held August 8, in England.

Mrs. Myers will receive the sympathy of many friends here in her sad bereavement.

Mrs. Eva D. Moore returned Wednesday last week from her trip, during which she spent most of her time with her daughter, Mrs. Powell Cassidy, at Oklahoma City. Among other enjoyable features of her vacation she made a motor trip thru the Ozark Mountains to St. Louis. Mrs. Moore returned home by way of the Feather River Canyon, arriving in San Francisco last Saturday.

Mr. and Mrs. George W. Reed returned last week from an enjoyable vacation spent at San Diego and Chula Vista.

E. S. Roxburgh of Chicago is visiting his sister, Mrs. W. D. Ogg. Mr. Roxburgh accompanied Mrs. Ogg from Eureka where the funeral of Mr. James Roxburgh, father of Mrs. Ogg and Edward Roxburgh, was held Friday afternoon, August 30.

ANNUAL CONVENTION
W.C.T.U. AT LONG BEACH
Mrs. Lily Richardson, president of Los Angeles County W.C.T.U., announces that the county annual convention will be held at Long Beach September 10 to 13, in the First Methodist Church, corner of Fifth and Pacific.

The programs for the day and evenings are open to the public, and the Long Beach Federation is entertaining the delegates for lodging and breakfast, if they attend the entire session.

MONROVIA ORCHESTRA

TO RESUME REHEARSALS
The Community Symphony Orchestra of Monrovia will resume rehearsal on Sept. 16. A series of four concerts is to be given this year.

Any competent performers who care to join this organization should communicate at once with the director, Harold H. Scott, of Monrovia. There are several vacancies in the string section, and probably two or three in brass and woodwinds. Competent musicians who desire the pleasure and experience of playing fine symphonic music in a large group of skilled musicians will find membership in this orchestra very desirable.

Tickets to County Fair on Sale by Local Chamber

Pre-sale tickets for the eighth annual Los Angeles County Fair which opens in Pomona, Tuesday, September 17, and continues through Sunday, Sept. 22 have been placed on sale at the local Chamber of Commerce office following the visit here of Asst. Secy. Ernest C. Middleton and Supt. J. M. Paige of the agricultural department.

Fifty thousand of these pre-sale tickets are being placed through the Southland in order that the people may have the advantage of a special rate. The fair officials also brought a large number of auto bumper banners which they left at the chamber of commerce office.

Alva U. Kelley Passes Away at Local Hospital

Alva U. Kelley, formerly of Exira, Iowa, and a resident of California since 1911, passed away at a local hospital on Wednesday, August 29.

Mr. Kelley was in the employment of Mrs. Anita M. Baldwin for over nine years. The funeral, which was largely attended by employees of the Baldwin estate, took place Saturday afternoon. Burial was in Live Oak Cemetery, Monrovia.

Dr. and Mrs. Woehler motored to Big Bear Sunday.

George Cox spent Sunday in Los Angeles.

Paul Rice spent the week-end at the beach, swimming.

Ralph Stewart was a Sunday visitor at Wrightwood.

Mr. and Mrs. McCaslin visited friends at Carlsbad for the week end.

Mr. and Mrs. J. C. Rogers spent the Labor Day holidays at Hermosa Beach.

Mr. and Mrs. Don Robertson have gone to Big Bear for a two weeks vacation.

Mrs. Darrel Taylor left Friday for Minneapolis, where she will remain at least until spring.

Mr. and Mrs. A. H. Gibbs spent the week end at their cottage at Balboa Beach.

Mr. and Mrs. Henry M. Olsen spent the Labor Day holidays at Huntington Beach.

Mr. and Mrs. Arthur Johnson, Jr., returned Sunday evening from a visit at Long Beach.

Mr. and Mrs. W. E. Pratt and son Loren spent the holidays at their cabin at Arrowhead.

J. T. Russell of Bellevue Court spent Tuesday and Wednesday at Santa Ana on business.

Mr. and Mrs. N. V. Morrison and sons spent Monday afternoon and evening at Long Beach.

Mrs. Edward J. Brodel and daughter Marie were visitors in Sierra Madre last week Tuesday.

Mr. and Mrs. Buckingham had a combined camping and fishing trip at San Onofre during the holidays.

Mr. and Mrs. W. S. Hull have returned from Long Beach to their home at 540 West Montecito.

David Gluck, son of Mrs. I. Silverman, spent the holiday week-end with friends in Tia Juana.

Mr. and Mrs. Harold Roberts, Roberta, and the John Roberts family spent Monday at Santa Monica.

Mrs. Shannon joined Mr. and Mrs. Woodson Jones Sunday at Venice, where the latter have been vacationing for a week.

Norm Morrison, J. Jones and Wayland Morrison drove to Hemet and Elsinore Sunday, dove hunting. They "bagged" 2 limits of 15 doves each.

Mr. and Mrs. Chas. Klunk, Miss Appleby, Ed Foster, with Mr. and Mrs. Rash of Alhambra, motored to Old Mexico Monday, having luncheon at Agua Caliente.

George M. McRoberts, Jr., and D. B. Hosford were guests at the seventh annual Radio Show at the Ambassador Hotel Sunday. Dinner was served in the Coconut Grove to 900 guests at 12:30. The affair was a preview to dealers.

Mr. and Mrs. Vincent Fleming were at Cedar Pines for the week end.

Mrs. Emma Wallace, who has been living for some time in Roanoke, Virginia, has returned to her home at 61 Bonita Ave.

Mrs. George Smith of Los Angeles is spending her two-weeks vacation with her friend, Mrs. I. Silverman, of 80 East Montecito.

The Arthur Evans family, who will remain at their cottage on Balboa Island for another week, entertained Mr. and Mrs. Rudolph Hartman and sons during the week end.

Mr. and Mrs. Louis Dietz motored to Tia Juana during the holidays. They had not arrived home by Tuesday noon. Perhaps the sights, traffic, or something overcame our efficient city clerk.

Mr. and Mrs. C. W. McArthur celebrated the holidays with a boat trip on the Harvard to San Diego. A trip to Agua Caliente was made by train, where they had luncheon. After which the whippet races were enjoyed.

Joe Belohlavek went to Newport Monday, at which resort he purchased a would-be speed boat. It must be okay, Joe says, for it has a General Motors engine—a "Chevy" to be exact—but it hasn't purred yet. It probably was a good boat once, Joe states.

Mr. and Mrs. C. L. Twycross and family, with Lucile Sparks had dinner Sunday with Mrs. Edwin Michener at Pasadena. Mrs. Michener and daughters have just returned from a tour of the Hawaiian Islands. The guests enjoyed pictures and descriptions of the recent volcanic eruption and other Hawaiian views.

Legion Work Receives Very High Praise

"Laudatory Service" Award Bestowed by the State Department

A "Laudatory Service" award has just been bestowed upon the Sierra Madre Post No. 297, American Legion, by the state department of the organization. This honor is largely based upon the splendid work done by the local post in keeping up the cemetery and for the excellent service with disabled veterans in Sierra Madre.

The award, which has been nicely framed and hung in the Legion Club rooms at the City Hall, reads as follows:

"The American Legion, Department of California, Laudatory Service. It is highly proper that the Department of California should pay tribute to the industry and accomplishments of the officers and members of Sierra Madre Post No. 297 of the American Legion.

"The service which this post has rendered during the present year has materially assisted the Department in surpassing its membership its strength of recent years. Vigorous with the power, the department has accordingly become a more dominant factor for good influence in the daily affairs of the community, the state and the nation. To this end we consecrate our comradeship, mindful of our obligation to those who bear the scars of conflict and prayerful that with this quickening strength we may the more safely transmit to posterity the principles of Justice, Freedom and Democracy. F. N. Belgrano, Jr., Department Commander; James K. Flisk, Department Adjutant; B. W. Gearhart, chairman, Membership Committee."

It appears that everything is being merged nowadays except politics and religion. — Florence (Ala.) Herald.

Mrs. Wilbur F. Thayer, Sr., received a message this week of the death of an aunt, Mrs. Mary D. Russell, 84 years of age, of Jamaica Plain, Massachusetts. Mrs. Russell was a gifted writer, essayist, philosopher and writer of children's stories. She contributed many articles to the Atlantic Monthly and early magazines, as well as stories for children in the Universalist Leader. "Heaven, Our Home," is her best known spiritual writing.

Sow the Seeds of Success!

Tuesday Is the 10th Day of the Month, When All Good Business Pays Its Bills

THE UNWRITTEN LAW of paying its bills on the 10th of the month is the backbone of American business leadership. It is the principle of credit, with its courtesies and conveniences, that has made it possible for every home in America to have comforts and advantages unknown to any other land under the sun.

Credit gives us greater buying power, lower prices and the confidences of our fellow industrial associates. It is the biggest seed of success you can sow. Take care of it by paying your bills promptly. Get the habit of sending out your checks every month on or before the tenth. It's far better for you—it's better for the fellow who gives you credit. Everybody wins when bills are paid regularly.

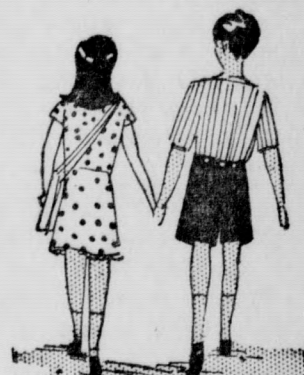

Tuesday is the 10th of the month, when all good business pays its bills.

NO FREEDOM LIKE UNITED STATES

AN anti-Bolshevist meeting was held in
New York recently to hear Morris
Gordin tell "Why I lost my faith in Com-
munist Russia."

Newspaper reports state that "one-third
of the 600 persons at the meeting were
women. The audience applauded every
point Gordin made against present condi-
tions in Russia and there seemed to be
unanimous approval of his declaration that
Russia was slowly but surely progressing
toward a 'republic of the United States of
Russia.'"

"The speaker, formerly a student at the
University of Chicago, was a draft-soldier
in the American army during the World
War. Until 1921 when he came to Russia,
he was one of the leaders of the New York
Communist Party. He returned here last
September. Describing his conclusions re-
garding his nearly three years of experi-
ence in Russia, Gordin said:

"I went there expecting to find a heaven
for the people and for the workers; instead
I found a hell. The people have no say in

their government, and little if any freedom
in social or commercial activities. It is all
a sickening dead level of political and in-
dustrial slavery, where the people are di-
rected by a little group of dictators.

"The people may change this situation
at any time, but when I left they seemed
everywhere, so far as I noted, to be pas-
sively resentful, too hopeless to assert
themselves. All around there was going on
the economic, industrial and moral ruin of
Russia. In the meantime the leaders of
this terrible situation are holding on to the
shreds of Communism in their visionary
scheme of getting, through propaganda
among other nations, support for Commu-
nistic domination. These selfish, misguided
men now in control have trampled Russia
politically into a big prison, a red dungeon."

BE CAREFUL OF THE KIDDIES

DURING the next few weeks, thousands
of children will be trudging back from
the summer's vacation to fall classes and
"School, Drive Slow" signs will again have
a vital meaning to motorists.

Among the many thousands entering the
schools this fall, there will be many chil-
dren who are leaving their homes alone for
the first time and who have not learned of
the dangers of the streets. Authorities
point out that special care must be taken
by motorists during the first few weeks of
school while these youngsters are learning
to be careful when crossing the road.

Figures assembled by the National Safe-
ty Council from 41 cities of the United
States of over 100,000 population show that
September is the most dangerous month of
the year. There are three times as many
fatal highway accidents to children under
fifteen in September as in February.

There are 33,568 children in Cardiff who
have not been taught the Welsh language.
The idea, we fancy, is to let it come as a
surprise later on.—Punch.

We often think it would be better to let
the question of bearing arms go and ask
the applicants for naturalization if they
have any conscientious objections to work-
ing.—Ohio State Journal.

Fire Flames

By One of the Boys

When the siren blew last Sat-
urday evening every vehicle in
the Sierra Madre Fire Depart-
ment responded, and arrived at
the "Hated House" on Central
Avenue in time to save the beau-
tiful structure from destruction.
As per usual George Norris spied
the blaze (which is beginning to
look suspicious). It seems that
Joe Swanson has a great care
on his small shoulders, for he
was repairing some parts of "The
Goat" (Truck No. 2) when the
siren sounded. He and Steve
Petzel boarded her for the fire.
They finally got there, but the
fire was out. The "emergency
truck" made an enviable appear-
ance as it stood near the other
trucks and Frank Lovell looked
like a proud papa as folks ad-
mired it. Frank took great care
that no one scratched the paint.

During the hose folding pro-
cedure the boys had their usual
harassing arguments about who's
who and what's what, and the
chief finally asked: "Wat do you
fellows think you are? Jews and
Arabs?" and Louie said, "No;
we are choost blain Englishers."

This being the first Friday of
the month, there will not be a
regular meeting. Perhaps there
will be an irregular meeting and
all those who can may attend
the dance down at the park. If
there were any old bolts or nuts
left after the noted repair job, it
would be very appropriate to
drop some of them in the "kitty."
They find numerous articles of
that nature. If you don't care
to dance, we may arrange a
story-telling party at the head-
quarters.

The Chief's two-week vacation
starts next Monday. Wonder
where he is going? Unless his
wife objects, I'll bet he visits
every fire chief in every town he
passes. Bill walks as tho he
had a kink in his back. Maybe
that flat-iron hit him.

Several days ago, the writer
was invited by Louis Karger to
go with him to his home for a
short visit and to get a bouquet
of "zinnias." Louie evidently
spends a great deal of time about
his garden, for the neatness and
beauty was astounding. Only to

see his zinnia garden could you
appreciate its beauty. Louie said
its alright for any of the boys
to go down and see his flowers,
but not to pick 'em. However,
he gathered a large bunch for
the wife and they were forward-
ed to her as ordered by Louie.

One day last week I noticed
one of David J. Buchan's ex-help-
ers wheeling a wheel-barrow up-
side down. Being curious, I asked
why, and he said, "Well, I
used to use it the other way
when I worked for Buchans' and
they put cement in it."

We ought not have another
fire for a long period now. We
have already had the three in a
row. Boasting of few fires has
apparently proven a superstition.
The last two fires were in vacant
houses and there's something
wrong somewhere. Let's be care-
ful and keep 'em down.

Speaking about politics, the
weather this week looked as tho
we may have plenty of water.
The weather itself was a de-
lightful change from such a long
hot siege and I might add that
the children are again well and
I am about the same and I will
close hoping to hear from you
soon or sooner.

Yours to a crisp.

Canyon Park Notes

Mr. and Mrs. H. Stouffer of Hollywood spent the holiday week-end at their cottage, "Bizz B Inn."

Guests of Mr. and Mrs. Blake C. Maxwell over the week-end were Mrs. Maxwell's parents, Mr. and Mrs. P. Callaghan of Long Beach.

Sunday guests of Mrs. Ella A. Cadmus were her cousins Mr. and Mrs. Charles H. Ashby and a niece, Mrs. Rebecca Romaine Hill, of Long Beach.

J. R. Thompson has returned to his home, "Ak-sarben," after an absence of a month spent in Long Beach. He will be joined by Mrs. Thompson in a few days.

Miss Claire Bremer, continuity clerk for the Fox Movietone Corporation, entertained a group of friends at Hillcrest cottage on Brookside Lane from Saturday until Monday.

Curtis J. Davis of the Farmers and Merchants Bank of Long Beach, their sons, Curtis and Landon and Mrs. Davis' mother, Mrs. Landon, are guests at Halcyon Villa on Brookside Lane this week.

Mr. and Mrs. W. C. Ravening, of Santa Monica, have purchased "Grand View" cottage on Alta Vista Drive from the former owner, J. P. Nash. Mr. and Mrs. Ravening, who took possession of the property on Wednesday, plan to make their home here.

Mr. and Mrs. Leon S. Griswold motored to Sequoia and General Grant National Parks Saturday, remaining until Sunday. On the return trip they spent Sunday night and Monday morning trout fishing at Noah Beery's Paradise Trout Club, returning to their Canyon Park cottage, "Three Twin Oaks," Monday afternoon.

Mr. and Mrs. L. A. Heywood of Hollywood entertained a group of friends at a picnic luncheon yesterday in the grounds at the Canyon Store. The guests were Mr. and Mrs. Leslie Sewall and son, Mrs. Innis Wortman, Miss Manon Goodman, Miss Thelma Forte, Charles Forte, H. W. Forte and Master Don House, all of Hollywood and Los Angeles.

The interval of extremely warm weather drew a crowd of more than 1000 people to the swimming pool over the holiday week-end. Al Bennett thrilled visitors by making a 75-foot jump from the top of a tall sycamore tree overhanging the pool many times on Sunday and Monday. Mr. and

Mrs. James C. Heasley, pool lessee, report Sunday the biggest day at the new pool and bath house since its opening on July 3. Many visitors from Long Beach, Los Angeles, Hollywood and Pasadena spent an enjoyable week-end in the Canyon.

Possum hunting season is good in the canyon. Mr. and Mrs. Blake C. Maxwell and small daughter, Ilene, returning to "Old Kentucky Home" on Woodland Drive from dinner on Monday evening were startled to find a strange visitor in their home. The visitor proved to be none other than a real live possum comfortably hanging upside down from a casement window in the living room. Neighbors drawn to the scene enjoyed the exciting chase which followed when an attempt was made to capture the furry animal as it jumped to the floor and took refuge behind the piano. The young possum was finally captured and turned loose. Mr. Maxwell, a Kentuckian, promises a possum hunt for the near future.

Mr. and Mrs. Clarence L. Virgin of Fallbrook, who have been spending the last month reorganizing the field work for the John E. Brown schools and who are in charge of the Los Angeles office, spent the week-end with Mrs. Virgin's mother, Mrs. Ella A. Cadmus, at Cadmus Villa. Mr. Brown's many friends here will be pleased to learn that he is rearranging his affairs so as to fill the pulpit in the First Presbyterian Church in Hollywood, both morning and evening next Sunday, in the absence of the pastor, Dr. Stewart MacLennan. Mr. Brown plans to leave the following Monday for the Bay district, stopping at San Francisco for a number of days and returning to Arkansas by way of Salt Lake City where he also plans a short stay. He will arrive home in time for a series of evangelistic meetings at his school during the opening week of the fall term. In October Mr. Brown will conduct a union evangelistic campaign at Kansas City, which will be followed in the early spring by meetings in Oklahoma.

VISITORS HERE FROM TEXAS

Mrs. D. M. Tinnon of El Paso, Texas, has been visiting here with the Lalone, Lacey, Leal and Sanchez families for the past three weeks. Mrs. Tinnon is the sister of Mrs. Lalone, Mrs. Lacey and Mrs. Leal. The two weeks previous to her visit in Sierra Madre Mrs. Tinnon spent at the Breakers Hotel in Long Beach. Mrs. Tinnon's son, who was the chief editor of the El Paso Herald, was killed two years ago in a motorcycle accident.

MISS ELSA STURMTHAL AND HOWARD PLUE MARRIED

Of interest to a number of Sierra Madre friends is the announcement of the marriage of Miss Elsa Sturmthal, sister of Emil Sturmthal, to Howard Plue of Hollywood. The ceremony was performed at Cathedral Chapel on Wilshire Boulevard, Los Angeles, at 9 o'clock Saturday morning. Following the wedding breakfast at the Mayfair Hotel, the bride couple left for Seattle on a two weeks' honeymoon. Upon their return they will live in Hollywood.

THAYER CHILDREN ENJOY BIRTHDAY PARTY

Jean and Carla Thayer, aged 4 and 7 years, daughters of Mr. and Mrs. Donald Thayer, celebrated their birthdays Monday afternoon at the Thayer home on Grove Street.

The afternoon was spent in games, and later two cakes bearing candles were cut and served to the guests, who were Helen and Billy Thayer, cousins; Shileen and Roger Rasbach, Mr. and Mrs. Oscar Rasbach, Mr. and Mrs. Wilbur Thayer, Jr., and Mr. and Mrs. Wilbur Thayer, Sr.

LARGE CROWD VISITS CANYON PARK

The canyon swimming pool has been popular all summer, but the extreme heat combined with the three-day holiday brought a crowd of more than a thousand persons to the pool. Mr. and Mrs. Heasley, pool lessees, report Sunday the biggest day of the season, since the opening of the canyon pool July 3.

Building permits issued during August totaled \$5794 as compared with \$9402 for August of last year, a decrease of \$3608. The largest permit for last month was taken out by E. R. Grinnell for a residence at 100 E. Highland. Frank M. Hildebrandt is the contractor.

BACONS VACATIONING IN BRITISH COLUMBIA

Mrs. E. E. Bacon has just returned from a month's vacation at Hermosa Beach. Mr. Bacon commuted to the beach after business hours. Saturday Mr. and Mrs. Bacon will motor to Vancouver, B. REDLAND GROWERS JOIN FRUIT EXCHANGE

The Redlands Orange Growers Association of Redlands, one of the oldest co-operative organizations in California, has decided to affiliate with the California Fruit Growers Exchange according to a statement made public by E. G. Dezell, general manager of the Exchange. The board of directors of the Redlands group unanimously voted on August 28 to join the San Bernardino County Fruit Exchange, one of the twenty-three Sunkist district or sub-exchanges which are located in

all principal citrus producing sections of California. The Rose brand of this association has been packed by them for 28 years and is well and favorably known. It will be a Sunkist brand in the future. The crop of the Redlands association will reach approximately 500 carloads this year.

'Cocoanuts' At Monrovia Lyric Theatre

Divides Week's Bill With the Paramount Feature "Four Feathers"

"The Cocoanuts" is the most elaborate venture ever presented on the screen. It is one of the unique big features from the legitimate stage now placed at the disposal of the films with the advent of the talking picture. "The Cocoanuts" is the real thing—a musical comedy, singing, dancing, laughing—the Broadway stage success, transferred to the cinema. To be shown at the Monrovia Lyric Theatre Sunday, Monday and Tuesday, Sept. 8, 9, 10. "The Four Feathers" comes for four days, Wednesday, Thursday, Friday, Saturday, with Wm. Powell, Richard Arlen, Clive Brook, Noah Berry and Fay Wray, in Paramount's greatest sensation. Two years in the making with locations extending from Hollywood to the dark jungles of Africa. 5000 players; 7000 wild animals. See the gigantic scenes—thousands of hippos, a mad stampede; the wild charge of a host of natives on racing camels; scenes which were not fully photographed in the heart of Africa. One of the greatest stories of love, high courage and wild adventure ever screened.

"Do Not Write On Or Mutilate" New Operator's License

California motorists who have secured operators' cards issued on the new folder forms were warned by the Division of Motor Vehicles that the spaces on the folder are intended for use of the courts in entering records of convictions and for no other purpose. The new form of license was adopted on August 14th in compliance with the new state law which requires that convictions of speeding and reckless driving, driving while intoxicated and other major violations, be placed upon the operator's card. This does not refer to convictions prior to August 14th.

Since that date, however, it has come to the attention of the division that many motorists are confused about what the blank spaces are for. One motorist, for example, after having been arrested and fined clipped the folder off and sent it to the division, apparently believing that was expected of her.

"Do not write on your card or mutilate it in any way," the division's warning said. "Keep it in your pocket or in the car at all times while driving."

SPECIAL EXCURSION TO STATE FAIR ANNOUNCED

A large attendance for Southern California Counties Day, on September 8, at the State Fair in Sacramento was assured today with the announcement of special excursion fares by the Southern Pacific Company. The reduced tickets will be sold from Los Angeles, Redlands and intermediate stations including all branch lines to Sacramento on Sept. 7, with return limit of Sept. 10, according to an announcement by C. L. McPaul, assistant passenger traffic manager.

Open Tournament At Catalina Starts December the 13th

Residents of Avalon who play golf this year will participate in an elimination tournament, the winner to have his entry accepted for the annual Catalina \$7,500 Open Tournament, sponsored by Wm. Wrigley, Jr., Dec. 13-15.

The field which will participate in the Open Tournament will be an even more brilliant one than was that which played last year when Horton Smith came from obscurity to win first place from such notable stars as Walter Hagen, Al Espinosa, Eddie Loos, Johnny Golden, Charley Guest, Willie Hunter and a hundred others. In view of the fact that the tournament this year will be one of the big money events of the year, rather strict entry requirements have been laid down, both for amateurs and professionals.

Los Angeles Climate And Scenery to Be Shown at Big Fair

The story of Los Angeles county's matchless climate, beautiful scenery, unrivaled opportunities for recreation, industry, commerce, horticulture, agriculture—is presented to visitors at the California State Fair, August 31 to September 9. This story is being told to an attendance expected to total half a million people a this 75th anniversary, or Diamond Jubilee, of the State Fair, with which is combined the western states and Mexico.

JAYHAWKERS WILL HAVE A JOLLY PICNIC REUNION

All who ever lived in Kansas are called to meet for a great picnic reunion, all day Saturday, September 14, in Sycamore Grove Park, Los Angeles. Go early and spend the day with friends. There will be county registers and headquarters so all may find the old friends and neighbors, even with 10,000 present. A brief program will open about 2 o'clock. Coffee served free to all who buy the souvenir badges.

Nowadays a vacation period is usually nothing but a dash in an automobile.—Louisville Times.

A Bit of Nonsense

HAD ENOUGH
Trainer: "Ain't you going to get up and fight? I told you you've got him going."
Pug: "That's all right; you tell me when 'e's gone." — London Passing Show.

AN OLD STORY THEN
Fortune-Teller: "You will suffer poverty until you are 35 years old."
Customer: "And then?"
"By that time you will have got used to it." — Ulk, Berlin.

BELIEVE IT OR NOT
The Little Carnegie Playhouse has gone Russian with Sovkino's "The Village of Sin," an atmospheric film of life in a vodka village. The film was directed by Olga Preobrazhenskaya — a woman of letters.—Variety.

LAST LONG DRIVE
Golfers: "Hi, caddie! Isn't Major Pepper out of that bunker yet? How many strokes has he had?"
Caddie: "Seventeen ordinary, sir; and one apoplectic!" — Passing Show.

DOUBLE DIAGNOSIS
"How's your car running?"
"Not so good. I can't keep it throttled down."
"How's your wife?"
"Oh, she's about the same." — Pathfinder.

CLEARING THE TRACKS
"A Boy Scout doesn't procrastinate."
"No," agreed the small wearer of khaki. "That's why I always do my good deed first thing in the morning and get it over with." — Legion Monthly.

ADEPTS OF THE BRUSH
The class was having its weekly talk on painting, and teacher said, "Sir Joshua Reynolds was able, with a single stroke of his brush, to change a smiling face into a frowning one."
"That's nothing," muttered little Jimmy, "my maw can do that." — B. and M. Magazine.

NO USE FOR SCIENCE
"Now, Mary, when you bathe

the baby, be sure and use the thermometer to test the water." Returning an hour later, the mistress asked: "Did you use the thermometer?"
"No, ma'am. I can tell without that. If it's too hot, the baby turns red, and if it's too cold, he turns blue." — Great Northern Goat.

AMATEUR BUGGY
Cooper: "Honestly, now, you would never have thought this car of mine was one I had bought second-hand, would you?"
Coles: "Never in my life. I thought you had made it yourself." — Answers.

INFERIORITY COMPLEX
Store Manager: "What do you mean by arguing with that customer? Don't you know our rule? The customer is always right."
Floorwalker: "I know it. But he insisted that he was wrong." — American Legion Monthly.

A RARE SIGHT
A visitor to Hollywood met an old friend, now a movie director, who invited him to visit the studio, stating that during the next afternoon they expected to film Lady Godiva riding a horse down the boulevard. "Sure, I'll come," said the friend; "it's a long time since I saw a horse." — Hudson Star.

LONG-SOUGHT SOUL-MATE
He: "You haven't said a word for twenty minutes."
She: "Well, I didn't have anything to say."
He: "Don't you ever say anything when you have nothing to say?" She: "No."
He: "Will you be my wife?" — Capper's Weekly.

ALL CORNED UP
A New York laboratory takes plain cornstarch, puts them thru a special process, and in fifteen minutes they come out as stiff as a board. By familiarity with certain other corn products you can achieve approximately the same result yourself.—The Boston Herald.

TOO MUCH STATIC
Fundamentally, a Cleveland doctor states, man is a sort of electric storage-battery. Bear this in mind, and when, at home, you are being told something you don't care to hear, remark: "My B battery has run down, I guess. You aren't coming in very strong." — Detroit News.

VEGETABLE PARADISE
Beans of all kinds, including string beans, lima beans, cantaloupes, cucumbers, gourds, pumpkins and squashes.—Ad in the Tampa Tribune.

L. C. Porteous mailed a letter to his sister, who lives in Long Beach, California, at 2 p. m. May 31. It arrived at its destination on May 23, at 9:30 a. m. — Grand Prairie Herald.

I was not running around any place in a purple kimono and pink slippers, as the papers asserted. I was fully clothed except for my dress and shoes. Card in Northtown Economist.

Why bother to write a "kolm" when gems like these can be clipped from the exchanges?

Tobias Larson, in the Claremont Courier says: Victorville has put in a bid for California's proposed prison for first offenders. I'm agin' it. The first offender penal colony should be at a summer resort like San Quentin. Victorville should be suitable for second offenders and for fourth terms. I recommend the center of Death Valley.

San Marino Tribune, under the caption "Civic Beauty": Civic Beauty is a subject upon which the citizens of this city might well spend some time, thought and action. People, more especially tourists, remember beauty—they forget ugliness. If we of San Marino wish to be remembered delightfully—indeed, to be remembered at all by the stranger who passes this way, it is essential that our city be kept beautiful. There is usually much of poetry and little of appeal to the practical businessman in the idea of beauty. That beauty in a city is most practical, however, and can be capitalized upon to an amazing degree, is a fact that cannot be gainsaid, following the experience of this city in particular. When man forgets nature he loses. When he works with nature he wins. There are many opportunities to beautify our city which we have overlooked, although six class cities go, we do not take off our hats to anyone! But it is taking advantage of every opportunity for community beauty that enables us to capitalize on this beauty. If ever a city were really good looking, no man would turn his head as he walked down the street. It is the exception that attracts attention. In the matter of tree planting in the parkways of San Marino, we should be in the position of the girl at whom everybody loves to look. (And of course every city desires to be in that position.)

Temple Times: A little individuality is refreshing nowadays, when nearly everything is done according to the chain system. With chain stores, chain banks, chain newspaper's chain theatres, chain restaurants and what-not, the truly independent guy is becoming a curiosity.

Glendora Press: This season's pajama fad among men, which was given such an impetus thru street appearances in nocturnal garb by Editor Saunders of North Carolina, may be something more than a passing novelty. We doubt that the actual wearing of night clothes in daytime is likely to become general, even in torrid weather, but the idea of more sensible clothing for men is one which seems bound to become more widespread. Already we have seen a revolt against the stiff-bosomed shirt, the starched collar and the barrel cuff. Certainly there might be devised a species of male garb which would at once fulfill the requirement of neatness combined with comfort. Whether it shall take the form of modified and glorified pajamas, or something entirely different remains to be seen. But when it arrives it should be welcomed by the long-suffering masculine tribe—if the members thereof have nerve enough to wear it.

Glendora Press: A man in Constantinople claims to be 160 years old and says he has lived most of the time on cheese and garlic. A terrible price to pay for longevity.

Lee Shippey, in his inimitable "Lee-Side of Los Angeles" in the Times, tells the story of a man who drops his false teeth overboard while fishing from a barge. A short time later he pulled in a big fish and found the false teeth in the fish's tummy.

And that reminds me of one. I went swimming the other day, and after belly-busting a big breaker I came up and discovered that my glasses were gone. A short distance away I casually observed a young fellow throwing hook and bait into the ocean, and presently he brought in a big one. Turning away from the ocean after finishing my swim, I went sorrowfully back to the umbrella, telling the better half about the loss of my glasses just as the fisherman came up with his catch. Without a word the Missus stepped over to the lunch basket and handed me my glasses from where she had put them for safe-keeping.

And just to fill up the kolm: Jerusalem's wailing wall is the scene of a lot of trouble. And America is having a lot of trouble because it has no whaling wall. The woodshed used to function in that capacity, but now everybody burns gas or coal. The kids burn no coal—but

plenty of gas, asphalt, concrete and rubber.

Any parent who can follow his che-ild thru a 24-hour day is entitled to a job in an endurance flight or Scotland Yard.

But would probably have to end his days in a rest home. Dad maybe was some stepper himself, in his younger days; but he was ashamed to be caught at it.

His offspring feels the day lost when he fails to make "the line" on the scandal page.

And maw? Read the daily papers and weep.

Los Angeles Will Stage Tournament

Those interested in tennis may look forward with interest to this year's Pacific Southwest Tournament to be held at the Los Angeles Tennis Club, September 20 to 29, because this event will surpass in color, class and competition any tournament ever before staged in the west.

Not even last year's spectacular meet, when the foremost players of France (Henri Cochet, Christian Boussus and Pierre Landry) were among the contestants, can compare with the program lined up this year by the Tennis Patrons Association and the Los Angeles Tennis Club.

The opening days of the coming tournament will be featured by an international match in which the British Wightman Cup team, comprised of such players as Miss Betty Nuthall and Mrs. Phoebe Watson, will oppose an American team to be selected from the same players as those picked for the international matches a few weeks ago. Then will come the tournament proper, and with the possible exception of the French players who were with us a year ago, most every noted player of Europe and the United States will be seen in action.

One of the main reasons why the Pacific Southwest Championships are exciting so much interest in the tennis world is the fact that this annual tournament is building tennis interest toward the Olympic games, which will be held in Los Angeles in 1932. An index to this interest is shown in the fact that today 115 of the 125 boxes available for the coming tournament have already been sold—for the entire ten days of play.

Seating accommodations are limited and the public is urged to purchase reservations for the entire tournament at once.

ESCONDIDO'S OUT-DOOR PLAY EPIC OF SAN PASQUAL BATTLE

Down through the ages of time, no people have played a more heroic or romantic part in the making of American history than the Indian. The story of "Felicitia" and the Battle of San Pasqual are true to a living being and historical action. They are inseparably linked with the history of California. Miss Mildred Voorhees as "Felicitia" has created one of the most endearing characters in California lore and Ray Solemink has created in his "Morales" a beautiful character of lasting charm. The uniqueness of Escondido's annual out-door play "Felicitia" and epic of the Battle of San Pasqual is the site of presentation being staged in "The Bowl."

RED CAR Monthly Pass

everyone is talking about

What it is!

The new monthly pass is a convenient travel arrangement introduced by Pacific Electric for its patrons who ride the RED CARS daily or frequently. Now instead of offering money, a ticket or a commutation book to the conductor, you present your pass. That is all.

When you buy it!

Pass dates from the first to the last of the month for which issued. Buy it the first of each month. Use it as many times as you like... both week-days and Sundays... during the month. As an added accommodation, Passes are sold by agents only for one-half the monthly rate, plus 50 cents, if purchased on or after the 16th of the month.

chased on or after the 16th of the month.

Where to buy it!

Conductors and ticket agents are authorized to sell you your pass.

Who can use it!

Passistransferable. You, your family or friends can use it as often as desired. The only requirement is that the pass remain in possession of the same passenger during entire trip.

Rest as you ride!

Profit by the convenience of this new Monthly Pass. Save money by riding the Big Red Cars... still the most economical... most practical... most restful form of transportation in Southern California.

Cost of Pass is \$10.50 between Sierra Madre and Los Angeles

All passes are good on local lines in Los Angeles within No. 1 (inner) local fare zone.

Legion Active In Marking Valley Cities

With the idea in mind of making Los Angeles county the criterion for the whole world in the matter of marking the names of the various towns in the county on the most prominent roof in each town, the American Legion is engaged upon a program of vast importance to aviation in general.

C. C. McGonegal, Commander of the 19th District, one of the four districts of this county of the American Legion, carried to a most successful finish just such a program in his district and McGonegal is the one largely responsible for the Legion's interest in this idea.

Under the leadership of A. L. Shepherd of South Pasadena Post of the American Legion, as chairman of the Los Angeles county council, aeronautics committee, the 18th district comprising Alhambra, Arcadia, Azusa, Baldwin Park, Claremont, Covina, El Monte, Glendora, Lamanda Park, La Verne, Monrovia, Pasadena, Pomona, Puente, Sierra Madre, South Pasadena, Temple, made an air survey of these towns, accompanied by Ralph W. Stewart, Henry Olsen and Clay Reavis, of Sierra Madre.

Through the generosity of Roy Patten of Whittier a six-place Travel-Air Monoplane was used by the Legionnaires. Pilot Avery Black, who was an instructor in flying during the war, handled the plane.

The flights were made from the L. A. Eastside Airport on Whittier Boulevard.

Chairman Shepherd contemplates a contest for the boys of the county where their model airplanes will be displayed and flown, suitable prizes to be given boys making the best showing. Also if enough interest is manifested in the idea, a glider contest open to everyone will be conducted by the American Legion in Los Angeles County.

At the present time a huge program of education for the public on the safety of flying in modern planes and air-ships is being worked out by the county aeronautics committee of the Legion and information pertaining to that phase of the Legion's interest in the furtherance of aviation will be given out shortly.

The American Legion is also striving to create interest in the securing of safe airports and emergency landing fields by the various towns and communities throughout the county.

Coat of Paint Adds 'Atmosphere' For Green Frog

The famous "Green Frog" vegetable stand is so green this week that it fairly coaks. This effect was obtained by a new coat of green and contrasting white paint which greatly improves the appearance of Roberts Market, where said frog holds forth.

PRIZE DANCE WILL FEATURE PARTY TONIGHT

(Continued from Page One) music, a factor which has had much to do with the success of the entire series. Jack Lauber, Joe Swanson, Bob Babbitt, Vern Udell, and the others who have cooperated so willingly, will be there to assist in every way possible.

It has not been definitely decided whether to close the series with tonight's dance, or not. However, plans are already in the making for a dance series next summer that will eclipse in every way the series being brought to a grand climax tonight. Dancing for the older folks will be supplemented by special entertainment for the youngsters, if the tentative plans of Mrs. Robertson and her committee, and the Chamber of Commerce entertainment committee, are brought to a successful conclusion.

Owing to the fact that the joint committee decided that a concert given in connection with tonight's dance would result in more or less confusion, it was decided to postpone the concert until a later date.

DINNER AND BRIDGE AFFAIR

A delightfully planned and executed dinner and bridge party was given Thursday evening by Mr. and Mrs. Joe R. Eastwood. First there was one of those incomparable chicken dinners at the unique Chapel Inn at Duarte. This was followed by three tables of bridge at the Eastwood home on Grove Street.

The following guests were present: Mr. and Mrs. William McDough, Mr. and Mrs. Emil Smith, and J. L. Asbury, all of Sierra Madre; Mr. and Mrs. Edmund Thackaberry and G. Davis Brilhart, of Los Angeles, and the Misses Margaret and Lela Geyer, of Eagle Rock.

Prizes at bridge were won by Miss Lela Geyer, Mrs. Thackaberry, Mr. Smith and Mr. Asbury.

CALLED AWAY BY ILLNESS OF FRIEND

Mrs. Frank E. Barbour, of 59 North Sunnyside, has been called to Oakland by the serious illness of her intimate friend and former companion, Mrs. J. L. Bannister, who is 83 years of age. Mrs. Barbour will leave just as soon as she can get affairs in order but will return as soon as her friend's condition will warrant.

START SATURDAY DANCES AT GARDENS

A series of dances at Santa Anita Gardens, well-known resort just a few miles from here, in Arcadia, will begin tomorrow (Saturday) night and continue indefinitely, according to Mr. Baker, manager. The hall is commodious and excellent music is promised.

ANNOUNCE BETROTHAL OF KATHARINE FERRIS
Mr. and Mrs. George S. Ferris of 585 West Central announce the engagement of their daughter, Katharine Post Ferris, to Mr. Frederick W. Turner, formerly of Pasadena, but now living in Oakland. The marriage will take place in the near future.

T. R. Kimbrough of 167 East Montecito celebrated his 79th birthday Monday and he admits "you'd never guess it."

Mrs. Joseph L. Asbury is confined to her home on East Central, with an attack of the prevalent "flu."

School Days Are Here!

SCHOOL WILL BEGIN HERE SEPTEMBER 10

(Continued from Page One) cisco. Her successor has not yet been chosen, according to Cecily A. Allen, a member of the Board of Education. Both the Junior High and High schools of Pasadena open September 16, also.

Following is a list of the school personnel for this year as announced by Mrs. Allen: Kindergarten, Miss Constance Thorpe, director; Miss Doris Bayard, assistant. Grammar school, Miss Claire Newman, Miss Mabel Lindda Richter, Mrs. Zayda Leonard, Mrs. May S. Wood, Miss Helen Wade Wones, Miss Ruth Taylor, Mrs. Eva D. Moore, Miss Vera Letha Alley, Miss Ballard, Mrs. Mary M. Wheeler. Miss Mary Prahl, director of music; Miss Florence Lusted, art director; Miss Elizabeth Steinberger, principal; Mrs. Ellen Coll Barker, school nurse; Mrs. Della M. Carleton, bookkeeper and office secretary; Mrs. Eleanor Patterson, cafeteria manager; Edward and Louis Schneebarger, janitors.

A very forward step taken by

the Board will be the introduction this year in the local schools of the "child accounting" system exactly as it is being used in Pasadena so that there will be perfect correlation when pupils pass from the grade to junior high. This system is designed primarily to help educators to keep the individual pupil in mind rather than the collective body of students.

By this means a complete history of the child is kept from the day he enters school until he graduates. A record is kept of attendance, mental ability, physical development, character, habits and any other item that might aid the teachers in his proper grade placement and individual instruction. A new fire-proof safe has been added to the office equipment for the particular use of filing the cards on which the child accounting records are kept.

On account of the new state law which makes an employer liable for damage done in automobile accidents by employees, the local Board of Education is arranging to take out special in-

surance policies for all teachers. But up until this matter is completed, all teachers will be required to sign an agreement not to pick up pupils for rides in their cars even though they might have personal liability insurance of their own. Mrs. Allen states that some folks might not understand the failure of teachers to continue this practice which they have formerly made and is anxious that the reason be made plain to the public.

Miss Elizabeth Steinberger, principal of the school, was last heard of in Yellowstone Park, where she and her brother, Harvey, stopped on their way home. Her mother states that she is expected to arrive this week-end.
